This is a neat DLC, looks pretty good.

I will do some pros and cons for the DLC

**PROS**

- Superb modelling
- Unique iconography on the right pauldron as well as a unique style of the helmet also hands that look like they're literally made out of iron
- Now you can become one of Ferrus Manus' sons, which specialize in extensive use of bionic enhancements, you have close ties with the Adeptus Mechanicus and therefore have an enhanced arsenal of weapons and vehicles compared to other Chapters of Space Marines

**CONS**

- No cons

I recommend it. 10V10 would augment myself with bionics again!. This is a neat DLC, looks pretty good.
